Skills

- **Languages**: C++, JavaScript, C, python
- **Frameworks**: HTML and CSS
- **Tools/Platforms**: MySQL, Power-Bi, Excel, Github
- **Soft Skills**: Problem-Solving, Team Player, Adaptability

Projects

Exploratory Data Analysis on Rainfall in India: Mar'25

- Analysed regional and temporal rainfall patterns across India to uncover trends, variability, and high-impact rainfall zones using structured Exploratory Data Analysis techniques.
- Utilized Python, Pandas, NumPy, Matplotlib, and Seaborn to preprocess data, handle missing values, remove outliers using the IQR method, assess skewness, and visualize insights through heatmaps, boxplots, and pie charts.
- Identified top 5 high rainfall-receiving subdivisions, revealed year-on-year rainfall variability trends, quantified monthly rainfall contribution patterns, improving clarity of rainfall distribution by over 40% through enhanced visual interpretation.

Excel Data Analytics Dashboards: Feb'25

- Developed a unified interactive Excel dashboard combining predictive maintenance and inventory management to enable real-time, data-driven operational decision-making and performance monitoring.
- Leveraged Microsoft Excel (Formulas, Pivot Tables, Charts, Conditional Formatting, Data Validation, Data Analysis Tools) to build dynamic visualizations, automate KPI tracking, implement trend analysis without using external code.
- Optimized operational efficiency by reducing equipment downtime, improving maintenance scheduling accuracy, and enabling automated low-stock alerts, leading to faster response times and improved inventory control through clear KPI-based insights and trend monitoring.

TRAINING

Mobile Application Development using Flutter| LPU Jun'25-Jul'25

- Completed an intensive skill development course in Mobile Application Development using Flutter, gaining hands-on experience in building responsive and high-performance cross-platform mobile applications.
- Enhanced practical proficiency in Flutter-based app design and development through structured training, achieving an A Grade certification from the Centre for Professional Enhancement.

Certificates

- Unrevealing Basic Python towards ML| CSE Pathshala Mar'25
- ChatGPT Made Easy: AI Essentials for Beginners| Udemy Aug'25
- Privacy and Security in Social Media| NPTEL May'25
- Legacy Responsive Web Design V8| FreeCodeCamp Nov'23

Achievements

- **Secured 2nd place:**
  Among 50 participants in the **Startup Pitch Arena** conducted under the **EduRev Talent Hunt**.
- **One among S1 top 40 % Students In The University**:
  For good academic performance and extra-curricular activities in the University.

Education

- **Lovely Professional University** Phagwara, Punjab
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 7.04*** *Since Aug'23*
- **Race Junior College** Kodad, Telangana
  Intermediate; ***Percentage: 92*** *Apr'21 – Mar'23*
- **SRM High School** Kodad, Telangana
  Matriculation; ***Percentage: 100*** *Apr'20 – Mar'21*
